

DISRUPTOPIA

A satirical, mid-weight engine builder where you play a ruthless CEO scheming, sabotaging, and scaling your way to AI dominance.

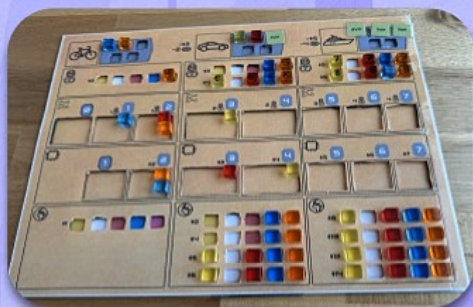

2-5
60-120 minutes
14+

SELLING POINTS

- A salient and original theme.
- An Engine Builder with high player interaction.
- Strategy that forces players to adapt to turn order and rivals' sabotage.

Scale presence to new regions to claim scarce government subsidies before the competition.

Increase your net worth to buy more compute and train new model versions.

Do more each round by increasing your income, playing effect cards, and hiring new tech workers.

COMPONENTS

- 1 World Map
- 1 Tracker Board
- 5 Player/Quarterly Strategy Boards
- Fund and Player Tokens
- 3 Card Decks, 195 cards total
- 1 Player-1 token
- 12 Reputation effect cards
